

PEOPLE101™ - Building the Purpose-Driven Enterprise™ (A course and division of The Prophet Group - An enterprise development firm)

The Prophet Group will be hosting a 2-day People101 seminar on Thursday and Friday, June 23-24, 2005 deep in the heart of Acadiana, Lafayette, Louisiana. The focus of the two-day seminar is to teach executives, leaders, and managers the Art of Leading a Purpose-Driven Enterprise that unites the talents, passion, and vision of the workforce with the corporate strategic mission of building wealth and sustainability.

The workshop will take place at one the most beautiful meeting places in the south, Antique Rose Ville in New Iberia, Louisiana. The home occupied by Antique Rose Ville's restaurant and tea room is known as the Renoudet Cottage, named for its 20th century owners. As one of Iberia Parish's oldest homes, the first recorded date of its existence is 1840 when it was owned by the Picard family. It was later occupied by William Weeks II (son of David Weeks, builder of the Shadows on the Teche) and it was used at other times to house the overseers of the Weeks family's plantations. <http://www.antiqueroseville.com/index.html>
